PEOPLE
PARTNERSHIPS
PROGRESS

BUILDING LOCAL DELIVERY CAPABILITY

Stronger communities together.

Local capability.
Greater resilience.
Lasting impact.

Partner with DS3 to deliver adaptable infrastructure for resilience, community services and housing across the Philippines and the wider region.

SHARED PURPOSE

Identify the right application.

Work with local government, development partners and communities on clearly defined needs.

COMPLEMENTARY EXPERTISE

Combine our strengths.

DS3 provides the architecture. You bring engineering, manufacture, installation, local knowledge and sector experience.

PRACTICAL OUTCOMES

From demonstration to delivery.

Establish a local supply and support pathway, building capability and evidence for wider implementation.

LONGER-TERM VALUE

Infrastructure that leaves capability behind.

Create opportunities for local skills, enterprise and community ownership.

Let's build a more resilient region, together.

Planning a resilient future together.
Philippines.

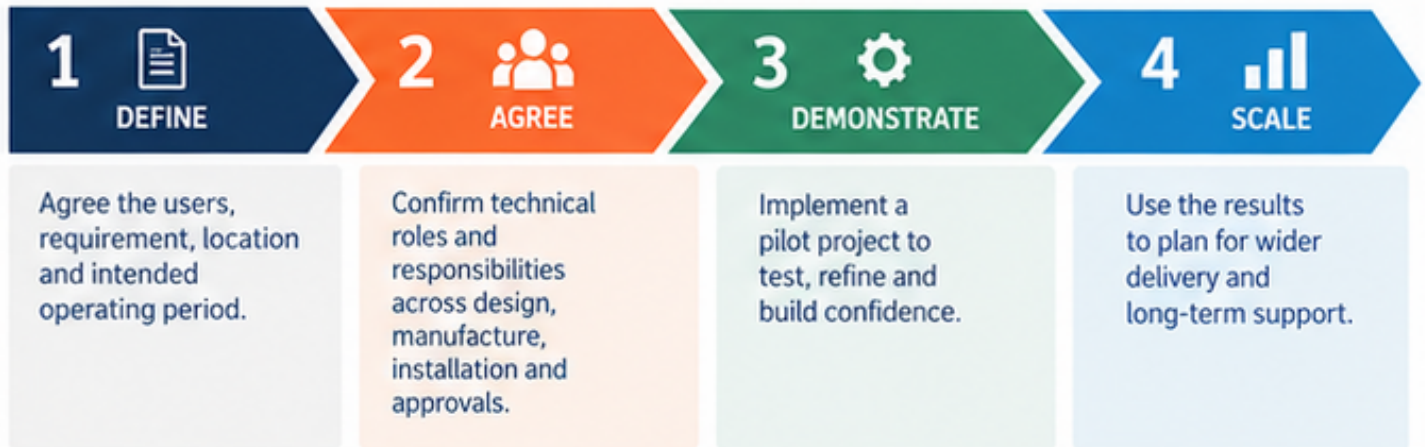

DS3-Global

STRUCTURES | SYSTEMS | SERVICES

ADAPT TODAY.
BUILD TOMORROW.

A practical pathway for working together

From idea to impact.

How we work together

Clear roles. Shared success.

DS3 seeks long-term partnerships with organisations that share our commitment to practical, locally appropriate infrastructure and stronger, more resilient communities.

DS3 CONTRIBUTES

- Common architecture across CommUnity Shelter+, Sentinel+ and Citadel+
- Configuration knowledge and design support
- Product development and documentation
- Program and partner engagement

PARTNERS CONTRIBUTE

- Local engineering and site knowledge
- Manufacture, installation and maintenance
- Specialist systems (water, energy, communications, etc.)
- Community understanding and delivery experience
- Long-term support and local capability

REAL-WORLD APPLICATIONS

- Municipal response facilities
- Community WASH and health infrastructure
- Learning spaces and local administration
- Housing and worker accommodation
- Regional and remote area programs

OUR COMMITMENT

We work with partners to deliver infrastructure that meets real needs, creates local opportunity and stands the test of time.

Let's identify one requirement worth scoping together.
