SAFER PEOPLE
STRONGER
COMMUNITIES
BRIGHTER FUTURES

RESILIENCE AND COMMUNITY SERVICES

Infrastructure for stronger, healthier communities.

Adaptable spaces and integrated services
that support people before, during and
after disruption.

Prepared
today.
More resilient
tomorrow.

SAFE AND PREPARED

Spaces when they're needed most.

Rapidly deployable shelters,
coordination spaces and essential
services for emergency response
and early recovery.

HEALTHIER COMMUNITIES

Access to care, closer to home.

Clinics, care spaces and WASH
facilities that support better
health outcomes and stronger,
more resilient communities.

LEARNING AND OPPORTUNITY

Spaces to learn, grow and thrive.

Safe, flexible learning spaces
that keep education going and
support skills, inclusion and
future opportunity.

INCLUSIVE BY DESIGN

Built for everyone.

Accessible, dignified spaces
that support women, children,
older people and people with
disabilities.

Resilient communities are stronger communities.

Community infrastructure in practice.

PEOPLE
PLACES
POSSIBILITIES

Connected spaces for community needs

Flexible. Integrated. People focused.

COMMUNITY
SERVICES TODAY.
STRONGER
TOMORROW.

DS3 infrastructure can be configured to support a wide range of community services.

Each application is designed around local needs, with the ability to adapt and expand as those needs change.

WASH

Clean water,
sanitation and
hygiene facilities

HEALTH

Clinics, care
and community
health services

LEARNING

Education and
skills development
spaces

COMMUNITY SERVICES

Administration,
safe spaces and
local programs

CLEAN ENERGY

Power for essential
services and
communications

COORDINATION

Command, logistics
and emergency
management

A community example

Different spaces. A stronger whole.

Structures, services and people working together

to create safer, healthier and more resilient communities.

Outcomes that matter

Stronger people. More resilient communities.

Improved
health and wellbeing

Continued
education

Greater safety
and preparedness

Inclusive
communities

Platform for
long-term development

Let's explore a community
application together.

We can help scope a solution
that meets your needs and
creates lasting impact.
